

This week in Nursery

Week Ending 10/3/17

Week 3

It has been lovely meeting with you this week to celebrate your child's achievements. The Nursery class are working so hard and continue to make me feel proud every day. I hope you enjoyed looking at some of their beautiful work.

Following questions about how to help your child at home I have prepared some handouts related to reading, writing, mathematical development and physical development. If you have not already received these I will be sending them to you over the next few weeks.

This week we have centred our learning on mini beasts and animal homes. We had fun singing Incy Wincy Spider and counting the spider's legs. It has been lots of fun exploring the wooded area for mini beasts.

We have all enjoyed listening to the story The Jolly Postman. Our post office has become a hive of activity this week. We have been busy wrapping parcels, weighing them and adding our own stamps. We have explored 3D shapes. I was most impressed with the children's knowledge of these shapes! The children had great fun experimenting with the shapes that can roll and set up their own ramp to test them.

This week we have also explored our local surroundings as we looked at early signs of spring. We have started to paint some beautiful daffodils.

Next week our theme will be under the sea. We will be listening to the story of the Rainbow fish and thinking more about friendship and feelings. We will be creating a wonderful new display showing our creative abilities.

We will also be listening to the Bible stories of Noah's Ark and Jonah and The Whale.
