

# This week in Nursery

Week Ending 3/3/17

## Week 2

This week we have celebrated Shrove Tuesday. We took part in the PTA pancake toss and had lots of fun. The children were fantastic! We read the story Mr Wolf's Pancakes and completed some excellent counting and tracing activities.

This week has also seen us celebrate World Book Day. We enjoyed taking part in the parade with the whole school. Our costumes were by far the best! We took part in the workshop led by illustrator, John Hamilton. It was very interesting to learn about the role of an illustrator.

This week we have centred our learning around animal homes on the farm. We have enjoyed listening to the story of Rosie's Walk and making our own story maps. The children have been describing their favourite part and showing some excellent skills in mark making.

We are busy working on a new display and role play area. We will be setting up a Post Office in our classroom to encourage mark making and number recognition skills.

We are continuing to make some model homes using boxes and other materials. If you have any more junk modelling materials we would be very grateful.

Next week we will be learning about fairy tale homes and listening to the story The Jolly Postman. We will continue to learn about animal homes and explore birds in our local surroundings. I look forward to meeting with you all at Parents Evening.
